IMPORTANT SAFETY INFORMATION - READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES

⚠ WARNING - Seizures

Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes, such as while watching TV or playing video games, even if they have never had a seizure before.

Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.

Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

**Convulsions
Altered vision**

**Eye or muscle twitching
Involuntary movements**

**Loss of awareness
Disorientation**

To reduce the likelihood of a seizure when playing video games:

1. Sit or stand as far from the screen as possible.
2. Play video games on the smallest available television screen.
3. Do not play if you are tired or need sleep.
4. Play in a well-lit room.
5. Take a 10 to 15 minute break every hour.

⚠ WARNING - Repetitive Motion Injuries

Playing video games can make your muscles, joints or skin hurt after a few hours. Follow these instructions to avoid problems such as Tendonitis, Carpal Tunnel Syndrome or skin irritation:

- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms during or after play, stop playing and see a doctor.

⚠ WARNING - Battery Leakage

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

To avoid battery leakage:

- Do not mix used and new batteries (replace all batteries at the same time).
- Do not mix alkaline and carbon zinc batteries.
- Do not mix different brands of batteries.
- Do not use nickel cadmium batteries.
- Do not leave used batteries in the Game Boy. When the batteries are losing their charge, the power light may become dim, the game sounds may become weak, or the display screen may be blank. When this happens, promptly replace all used batteries with new batteries.
- Do not leave batteries in the Game Boy or accessory for long periods of non-use.
- Do not leave the power switch on after the batteries have lost their charge. When you finish using the Game Boy, always slide the power switch OFF.
- Do not recharge the batteries.

A full-page illustration of Onimaru, a young warrior with a shaved head and a red forehead mark. He is wearing a red and white samurai-style outfit and is holding a long, ornate sword horizontally across his chest. The background is a soft, hazy landscape with green hills and a yellow sky.

ONI BLOOD...ONI GAUNTLET

The fearless warrior youth Onimaru hears word that his home, Iga, is in grave danger. Like the wind, he rushes home. "Please let them be alive!"

Once inside his village, Onimaru comes face to face with a group of grotesque demon-like characters — Genma! What is this?

Finally, Onimaru is reunited with Iga's Ninja chief, Sandayu Momochi, and his sister, Oboro. The wise Sandayu tells the young warrior of the ongoing terror caused by the Genma King, Nobunaga Oda.

Then Sandayu reveals to Onimaru his ultimate destiny. A descendant of the mythical Oni Tribe, Onimaru must meet his destiny head on and fight the evil Genma armies. Sandayu bestows upon Onimaru the legendary Oni Gauntlet, a mystical glove with powers to aid him in his quest.

Onimaru bows his head. His fate is clear. He must go and fight the evil warlord and his hordes of Genma!

An illustration of two characters, Onimaru and Oboro, in a dynamic pose. Onimaru, on the left, is a young man with spiky black hair, wearing a white tunic with red arm guards and a purple sash. He holds a large sword. Oboro, on the right, is a young woman with dark hair, wearing a pink and green outfit with a purple sash. She is in a crouching, ready stance. The background is a warm, yellowish-orange with faint, stylized patterns.
